BENEFITS OF COMPOSITE PANELS VS. WOOD CONSTRUCTION

Moisture Resistant
 No Mold, Mildew, Rot, Warping
 Unaffected by Temperature & Humidity Changes
 No Damage From Freezing/Thawing
 No Delamination
 Avoid Sidewall Warping, Bubbling
 Less Flammable
 Low Ignition, Burning, Combustion
 Half the Weight
 Less Fuel Cost, Reduced Dry Weight
 Twice the Strength
 Increased Durability
 Impact and Puncture Resistant

Better Air Quality, Breathe Easier
 Sound and Energy Absorbent
 Less Road Noise, Quieter Ride
 Eco Friendly
 Does Not Impact the Rain Forest, Sustainable
 No Toxic Chemicals
 Formaldehyde Free, Odorless
 Increased Longevity
 No Natural Fiber Decomposition
 Increased Longevity
 Reduced Repair Costs, Durable
 3X Insulation Value
 Less Heating and Cooling Cost, Comfortable

**RV products constructed utilizing AZDEL composite panels.
